Please be informed that the data shown in this PDF document is generated from our online catalog. Please find the complete data in the user documentation. Our general terms of use for downloads are valid.

Housing, Range of articles: VARIOCON, design: VC1, housing material: Zinc die-cast, color: gray. When using fiber optics, the bending radii of the cable manufacturers must be observed.

## Commercial data

Item number	1884568
Packing unit	5 pc
Minimum order quantity	1 pc
Product key	ABLADB
Catalog page	Page 31 (C-2-2013)
GTIN	4017918164591
Weight per piece (including packing)	369.76 g
Weight per piece (excluding packing)	352 g
Customs tariff number	85389099
Country of origin	PL

1884568

## Technical data

#### Notes

When using fiber optics, the bending radii of the cable manufacturers must be observed.  General The coupling housings may not be used in combination with the VC-D contact carriers  Safety note  Safety note  WARNING: The connectors may not be plugged in or disconnected under load, Ignoring the warning or improper use may damage persons and/or property.  **WARNING: Commission property functioning products only. The products must be regularly inspected for damage. Decommission defective products immediately, Replace damaged products. Repairs are not possible.  **WARNING: Commission property functioning products only. The products must be regularly inspected for damage. Decommission defective products immediately, Replace damaged products. Repairs are not possible.  **WARNING: Complete inspection of the product in direct connection with third-party manufacturers, the user is responsible.  **When operating the connectors in outdoor applications, they must be separately protected against environmental influences.  **Assembled products may not be manipulated or improperty opened.  **Only use mating connectors that are specified in the technical data of the standards listed (e.g. the ones listed in the product accessories online at phoenixcontact comproducts).  **When using the product in direct connection with third-party manufacturers, the user is responsible.  **Por operating voltages > 50 V AC, conductive connector housings must be grounded  **Ensure that the protective or functional ground has been properly connected.  **VDE 1010.17 97 § 411.1.3.2 and DIN EN 80 204/11.98 § 14.1.3 are applicable when combining several circuits in a cable and/or connector in the product of		
Safety note  Safety note  WARNING: The connectors may not be plugged in or disconnected under load. Ignoring the warning or improper use may damage persons and/or property.  - WARNING: Commission property functioning products only. The products must be regularly inspected for damage. Decommission defective products require are not possible.  - WARNING: Only electrically qualified personnel may install and operate the product. They must observe the following safety notes. The qualified personnel must be familiar with the basics of electrical engineering. They must observe the following safety notes. The qualified personnel must be familiar with the basics of electrical engineering. They must be able to recognize and or prevent damager. The relevant symbol on the packaging indicates that only personnel familiar with electrical engineering are allowed to install and operate the product.  - The products are suitable for applications in plant, controller, and electrical device engineering.  - When operating the connectors in outdoor applications, they must be separately protected against environmental influences.  - Assemblade products may not be manipulated or impreerly opened.  - Only use mating connectors that are specified in the technical data of the standards listed (e.g. the ones listed in the product accessories online at phoenixcontact.com/products).  - When using the product in direct connection with third-party manufacturers, the user is responsible.  - For operating voltages > 50 V AC, conductive connector housings must be grounded.  - Insure that the protective or functional ground has been properly connected.  - VPE 1010/11/97 \(^2\) 411-13.2 and DIN EN 60.204/11.98 \(^2\) 14.1.3 are applicable when combining several circuits in a cable and/or connector.  - Observe the corresponding technical data. 	Operate the connector only when it is fully plugged in.
	<ul> <li>Ensure that when laying the cable, the tensile load on the connectors does not exceed the upper limit specified in the standards.</li> </ul>
	Observe the minimum bending radius of the cable. Lay the cable without twisting it.
	<ul> <li>The connector warms up in normal operation. Depending on the ambient conditions, the surface of the connector can continue to warm up. In this case, the user is responsible for posting warnings (e.g. DIN EN ISO 13732-1:2008-12).</li> </ul>

## Product properties

Туре	VC1
Product type	Sleeve housings
Product family	VARIOCON
No. of cable outlets	1
Number of module slots	2
Type of the screw connection	1x Pg16
Shielded	no
Cable outlet	lateral

#### **Dimensions**

Dimensional drawing	
Width	36.4 mm
Height	61 mm
Length	62.6 mm
Thread type on seal side	Pg16

## Material specifications

Color	gray
Color of the housing part	gray
Material	Die-cast zinc
O-ring material	NBR
Housing material	Zinc die-cast

## Mechanical properties

#### Mechanical data

Type of the screw connection	1x Pg16
Locking type	Nut

#### Environmental and real-life conditions

### Ambient conditions

https://www.phoenixcontact.com/pc/products/1884568

Degree of protection	IP65/IP66/IP67
Ambient temperature (operation)	-40 °C 125 °C
