## **SIEMENS**

Data sheet US2:22JUH32BE

Reversing motor starter, Size 4, Three phase full voltage, Solid-state overload relay, OLR amp range 50-200A, Non-combination type, Enclosure type 1, Indoor general purpose use, Standard width enclosure

Figure similar

| product brand name  | Class 22                             |
|---|--------------------------------------|
| design of the product   | Full-voltage reversing motor starter |
| special product feature   | ESP200 overload relay                |
| General technical data  |                                      |
| weight [lb]   | 43 lb                                |
| Height x Width x Depth [in]   | 25 × 14 × 9 in                       |
| touch protection against electrical shock                               | NA for enclosed products             |
| installation altitude [ft] at height above sea level maximum            | 6560 ft                              |
| ambient temperature [°F]  |                                      |
| during storage  | -22 +149 °F                          |
| during operation  | -4 +104 °F                           |
| ambient temperature   |                                      |
| <ul> <li>during storage</li> </ul>                                      | -30 +65 °C                           |
| during operation  | -20 +40 °C                           |
| country of origin   | USA                                  |
| Horsepower ratings  |                                      |
| yielded mechanical performance [hp] for 3-phase AC motor                |                                      |
| <ul><li>at 200/208 V rated value</li></ul>                              | 40 hp                                |
| • at 220/230 V rated value  | 50 hp                                |
| • at 460/480 V rated value  | 100 hp                               |
| • at 575/600 V rated value  | 100 hp                               |
| Contactor   |                                      |
| size of contactor   | NEMA controller size 4               |
| number of NO contacts for main contacts                                 | 3                                    |
| operating voltage for main current circuit at AC at 60 Hz maximum       | 600 V                                |
| operational current at AC at 600 V rated value                          | 135 A                                |
| mechanical service life (operating cycles) of the main contacts typical | 5000000                              |
| Auxiliary contact   |                                      |
| number of NC contacts at contactor for auxiliary contacts               | 0                                    |
| number of NO contacts at contactor for auxiliary contacts               | 1                                    |
| number of total auxiliary contacts maximum                              | 7                                    |
| contact rating of auxiliary contacts of contactor according to UL       | 10A@600VAC (A600), 5A@600VDC (P600)  |
| Coil  |                                      |
| type of voltage of the control supply voltage                           | AC                                   |

| <ul> <li>at AC at 50 Hz rated value</li> </ul>                          | 550 V                                |
| at AC at 60 Hz rated value  | 575 600 V                            |
| holding power at AC minimum   | 22 W                                 |

|  | 540.1/4   |
|--|---|
| apparent pick-up power of magnet coil at AC  | 510 VA  |
| apparent holding power of magnet coil at AC  | 51 VA   |
| operating range factor control supply voltage rated value of magnet coil   | 0.85 1.1  |
| percental drop-out voltage of magnet coil related to the input voltage   | 50 %  |
| ON-delay time  | 18 34 ms  |
| OFF-delay time   | 10 12 ms  |
| Overload relay   |   |
| product function   |   |
| overload protection  | Yes   |
| phase failure detection  | Yes   |
| asymmetry detection  | Yes   |
| ground fault detection   | Yes   |
| • test function  | Yes   |
| external reset   | Yes   |
| reset function   | Manual, automatic and remote  |
| trip class   | CLASS 5 / 10 / 20 (factory set) / 30  |
| djustable current response value current of the current-<br>dependent overload release   | 50 200 A  |
| make time with automatic start after power failure maximum   | 3 s   |
| relative repeat accuracy   | 1 %   |
| product feature protective coating on printed-circuit board  | Yes   |
| number of NC contacts of auxiliary contacts of overload relay  | 1   |
| number of NO contacts of auxiliary contacts of overload relay  | 1   |
| operational current of auxiliary contacts of overload relay  |   |
| • at AC at 600 V   | 5 A   |
| • at DC at 250 V   | 1 A   |
| contact rating of auxiliary contacts of overload relay according to UL   | 5A@600VAC (B600), 1A@250VDC (R300)  |
| insulation voltage (Ui)  |   |
| with single-phase operation at AC rated value  | 600 V   |
| with multi-phase operation at AC rated value   | 300 V   |
| Enclosure  |   |
| degree of protection NEMA rating   | 1   |
| design of the housing  | indoors, usable on a general basis  |
| Mounting/wiring  |   |
