D-SUB connector, 9-pos., male connector, two 35° cable entries, universal type for all systems, pin assignment: 1, 2, 3, 4, 5, 6, 7, 8, 9 to one screw connection terminal block

Product description

Two cable infeeds are often required on the D-SUB plugs used in order to build fieldbus systems with RS-485 interfaces. The SUBCON-PLUS plugs range fulfills this requirement and routes the connection to screw terminal blocks – however, duplicated – for two cables. This means clarity during wiring and it simplifies every startup. These plugs are of course also shielded against EMC influences with a metallized housing. In addition, by placing the connection block in either the upper or lower shell, it is possible to select the cable infeed on site from the right or left.

Your advantages

- Assembly under field conditions
- · Separate terminal blocks for each cable
- High transmission speed
- · Easy assembly thanks to knurled screws
- · High level of EMC
- · Flexibility in terms of cable entry selection
- · Can be used universally
- Change to the D-SUB orientation through a reversible connection block

Commercial data

Item number	2744018
Packing unit	1 pc
Minimum order quantity	1 pc
Sales key	DN10
Product key	DNC521
Catalog page	Page 450 (C-6-2019)
GTIN	4017918888817
Weight per piece (including packing)	73.4 g
Weight per piece (excluding packing)	73.4 g
Customs tariff number	85366990
Country of origin	DE

Technical data

Notes

Utilization restriction	
CCCex note	Use in potentially explosive areas is not permitted in China.

Product properties

Product type	Data plug
MTTF	6706 Years (SN 29500 standard, temperature 25°C, operating cycle 21%)
	1817 Years (SN 29500 standard, temperature 40°C, operating cycle 34.25%)
	155 Years (SN 29500 standard, temperature 40°C, operating cycle 100%)
Pin assignment	All connections are 1:1 on the screw terminal block

Electrical properties

Nominal voltage U _N	50 V DC
Nominal current I _N	100 mA
Transmission medium	Copper

Connection data

D-SUB connection	
Connection method	D-SUB connector
PCB connection	
Connection method	Screw connection
Stripping length	5 mm
Conductor cross section, rigid min.	0.14 mm ²
Conductor cross section, rigid max.	1.5 mm ²
Conductor cross section flexible min.	0.14 mm ²
Conductor cross section flexible max.	1 mm ²
Single-wire/terminal point, rigid AWG min.	26
Single-wire/terminal point, rigid AWG max.	16
Min. AWG conductor cross section, flexible	26
Max. AWG conductor cross section, flexible	18

Interfaces

Bus system	RS-485
Signal	RS-485
