

Magnet coil for contactors 18.5 kW 480 V AC, 60Hz, for motor contactors, Size S0, Screw terminal

| General technical data                                                                    |                             |
|-------------------------------------------------------------------------------------------|-----------------------------|
| product brand name                                                                        | SIRIUS                      |
| product designation                                                                       | Magnet coil                 |
| Control circuit                                                                           |                             |
| type of voltage of the control supply voltage                                             | AC                          |
| power loss [V·A] of magnet coil at AC typical control supply voltage                      | 9.8 VA                      |
| <ul style="list-style-type: none"> <li>1 at AC</li> <li>— at 60 Hz rated value</li> </ul> | 480 V                       |
| operating range factor control supply voltage rated value of magnet coil at AC            |                             |
