Technical Specifications	With display	True
Construction	Readable	True
Mechanical	Housing material	Stainless steel
Electrical	Position, nom	Process connection lower mount (LM)
Environmental	Suitable for gases	True
Documents	Suitable for water	True
Certifications	Suitable for steam	True
Alternative Products	Suitable for air	True
Technotes	Measuring element	Piezo
	Sensor model	Standard
	Connection type	4 pin DC micro (M12)
	Display	±1% of span ±1 digit
	Material	Wetted parts: process connection: Stainless Steel 316 L, pressure sensing elements: <9.8 bar: Stainless Steel 316 L, ≥9.8 bar: Stainless Steel 13-8 PH, non-wetted parts: housing: Stainless steel 304, keyboard: TPE-E, display window: Polycarbonate, display
