Rockwell Automation

837T Solid-State Temperature Sensors

837T-D3N12B10PP-D4

Representative Rendering, Not The Actual Product

Solid-State Temperature Sensor, Standard, Display/ Push-button, -4 ... +176 F / -20 ... +80 C, 1/2 NPT - Male, 100 mm, 2 PNP - IO-Link, 4-Pin DC Micro(M12) Integral QD

Product Details

Product Selection	
Bulletin Number	Solid-State Temperature Sensor
Sensor Model Type	Standard
Temperature Sensor Type	Display/ Push-button
Temperature Measuring Range	-4 ... +176 F / -20 ... +80 C
Process Connection Type	1/2 NPT - Male
Temperature Probe Length	100 mm
Output Type	2 PNP - IO-Link
Connection Type	4-Pin DC Micro(M12) Integral QD
IO Link Enabled	Yes
