

871TM All Stainless Steel Tubular

871TM-N20NP18-D4

Proximity Sensor, 3-Wire DC Extended Range Standard Barrel, 18mm Diameter, Unshielded, Tubular:Stainless Steel, Metal Face, 20mm Sensing Distance, N.O., Source (PNP) Output, IO Link Enabled, Micro QD (DC)

Product Details

PROXIMITY SENSOR DATA	
Hazardous Location Product Required?	No
Proximity Sensor Type	3-Wire DC Extended Range Standard Barrel
Barrel Diameter	18mm
Nominal Sensing Distance	20mm
Special Features	Standard
Shielding	Unshielded
Output Configuration	N.O., Source (PNP)
IO Link Enabled	Yes
Connection Type	Micro Quick-Disconnect (DC)
Housing Material	Stainless Steel
Switching Frequency	200Hz
Degree of protection	IP68/IP69K
Temperature Rating	-25 to +85 °C
ACCESSORY ITEMS	
Connection Media	DC Micro(M12), Female, Straight, 4-pin PVC, Yellow, Unshielded, 5 m
Additional Info	
Voltage Rating	10 - 30 V DC
