

871A and 889, Terminal Chambers and Insulation Displacement Connectors

[889D-F4DC-H](#)

*Representative Rendering, Not The Actual Product*

Insulation Displacement Connector, DC Micro (M12), Straight Female, 4-Pin, 4-5.1mm (0.16-0.20 In)

Product Details

| PRODUCT TYPE            |                                   |
|-------------------------|-----------------------------------|
| Product Type            | Insulation Displacement Connector |
| CONNECTOR DATA          |                                   |
| Connector Type          | DC Micro (M12)                    |
| Connector Style         | Straight Female                   |
| Number of Pins          | 4-Pin                             |
| Cable Diameter          | 4-5.1mm (0.16-0.20 In)            |
| Shielding               | No Shielding                      |
| NOTES                   |                                   |
| Pin Layout (Female End) | Pinout:                           |
| Additional Info         |                                   |
| Voltage Rating          | 32V                               |
