Miscellaneous accessories

Shaft accessories

Accessory Type	Description	For Use On	Weight	Catalog number
Shaft Adapter	Adapts one end of a 6mm shaft to 12mm (use with shaft extension coupler)	6mm shafts	0.20	OETL-ZK19
Shaft Extension Coupler	Joins two shafts together for applications where extended length is required	6mm shafts 12mm shafts	0.26 0.26	OESA-ZX167 OETL-ZX95
Shaft Guide	Fits all pistol grip handles, mounts on the inside of the enclosure door with provided hardware	pistol handles	-	OHZX10

Busbar connections

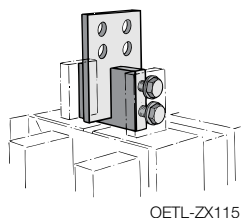

Accessory Type	Description	For Use On	Weight	Catalog number
Busbar Connections	Vertical, back or edgewise mounting ①	OETL-NF1600 -2000_SW	46.2 31.0	OETL-ZX115 OETL-ZX114

Locking accessories

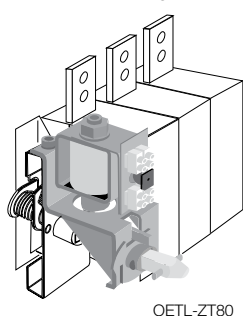

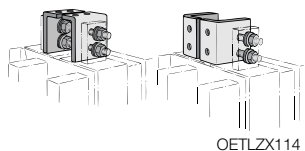

Accessory Type	Description	For Use On	Weight	Catalog number
Electrical Interlock	Closed circuit principle for interlocking the switch movement. When the coil circuit is dead, A-types cannot be operated to O-position and L-types cannot be operated to ON- or OFF-position. Coil voltages 110VAC, 220 VAC, 24VDC, 48VDC, 60VDC, 110VDC, 220VDC, P - 15W U = 0.7 - 1.1 Un (U = coil voltage, Un = nominal voltage)	OETL-NF1600 -2000_SW	2.42	OETL-ZT80AΔ OETL-ZT80LΔ

Δ = Coil Voltage

Replacement parts

Accessory Type	Description	For Use On	Catalog number
Metal collar	Replaces original black knob for locking shaft in place	OT16F-200, OS30-200	OTZS2
Set screw	Set screw for use with knob or collar	OT16F-200 OS30-200	FLSWM5X8AX
Shaft set screw	Shaft set screw, bag of 10	OT400-1200, OS400-1200	OZX1
Terminal cover	Covers terminal below fuse carrier	OS30	CXBY67121
Phase barrier	-	OS200	CXBY68794
Fuse covers	-	OS60GJ_ OS100GJ_	CXBY69058 CXBY69072

① Vertical busbar is provided as standard on OETL-NF1600 and OETL-NF2000 disconnects.
