

Complete Control Packages

Combined HMI and PLC Starter Kits

Want to test new ideas and build machines using the most up-to-date automation and control products on the market? Ready to upgrade your current system? Each Starter Kits includes an HMI with your choice of 4.3” to 15” LCD screen. Also included is a MicroSmart FC6A PLC, a PS5R-V power supply, programming cables and the Automation Organizer software suite. All the tools you need at a very special price. As a bonus, not only do you get the hardware and software, but you also get total access to free technical support and free software upgrades. Just buy a package and you’re ready to go!

Programmable Touchscreen Type		PLC Type		Power Supply	Part Number

HMI Starter Kits

HMIs

IDEC touchscreens are redefining Human Machine Interaction. Featuring up to 1100 cd/m2 brightness and over 100,000 hours of backlight life, they are the brightest, longest-lasting displays on the market. An exceptionally wide operating temperature range of -20°C to +60°C as well as IP66F, IP67F, Type 4X, 12, 13, Marine Approvals, and Class I Div 2 approval ratings, assures reliable operation in the toughest environments.

- 4.3” to 15” TFT LCD Color Displays
 - Super Bright: up to 1100 cd/m²
 - High Resolution Display: up to 1024 x 768 pixels
 - Extreme Operating Temp: -20°C to +60°C
 - Backlight Lifespan: up to 100,000 hours minimum
- Supports FTP, Email, Web Server, BACnet/ IP, WindEDIT Mobile App, Multiple protocols simultaneously
 - Modbus TCP or RTU
 - Video & Audio Interface (8.4” to 15”)
 - Supports analog and digital I/O expansion modules (High Performance Series)
 - 3 years warranty

HMI+PLC and SmartRelay Starter Kits

HMI+PLC

The perfect combination of PLC processing and HMI monitoring and control, the compact 3.8-inch SmartAXIS Touch is an all-in-one touchscreen interface and logic controller. Perfect for small systems that require a graphical user interface along with versatile I/O controls, this HMI+PLC unit optimizes efficiency and productivity by providing the same functionality as a separate PLC and HMI system, at an affordable price.

- 3.8” HMI+PLC
 - 12 or 14 I/O models
 - Embedded RJ45 Ethernet port
 - Modbus TCP or RTU
 - Two built-in analog inputs
- Two built-in analog outputs (14 I/O)
 - PID Controls (14 I/O)
 - USB Maintenance Port
 - -20 to 55 degree C operating temperatures
 - IP66f, NEMA 4X (indoor) & 13

	Type	Power Supply	Software and Cable	Part Number		
	FT1A-C12RA-* 12 I/O Type Relay Output	PS5R-VC24 30W 1.25A		KIT-TOUCH-C*		
	FT1A-C14SA-* 14 I/O Type Transistor Source Output			KIT-TOUCH-CS*		
	FT1A-C14KA-* 14 I/O Type Transistor Sink Output			KIT-TOUCH-CK*		

*Insert B=black bezel, S=silver bezel, W=white bezel

SmartRelay

Proving reliable time after time, these intelligent logic modules are the ideal controller for simple automation tasks. A sixth-generation of SmartRelays offer functions to give you even more flexibility and convenience. Advances include a maximum of 60 I/O, built-in Ethernet, micro SD interface, extended memory, Modbus TCP, a brighter display with higher LCD contrast, improved analog and high-speed inputs, an external text display and upgraded programming software.

- Liquid Level Controls
- Valves and Pumps Control
- Solar Traffic Lights
- Relay/Timer replacements

FL1F

	CPU Type	Power Supply	Software	Part Number		
	FL1F-B12RCA 24 VAC/DC Type Without LCD	PS5R-VB24 15W 0.6A	✓	KIT-SMARTRELAY-BAF

	FL1F-H12RCC 100-240 VAC/DC Type With LCD	-	✓	KIT-SMARTRELAY-HCF		
	FL1F-H12RCE 12-24 VDC Type With LCD	PS5R-VB24 15W 0.6A	✓	KIT-SMARTRELAY-HEF		
	FL1F-H12SCD 24 VDC Type With LCD	PS5R-VB24 15W 0.6A	✓	KIT-SMARTRELAY-HDF		

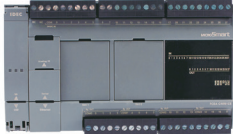

MicroSmart FC6A All-in-One

MicroSmart FC6A All-in-One PLC

The power of a PAC in a micro PLC. With an adaptive design and a multitude of built-in features, new MicroSmart FC6A PLCs offer unmatched performance, quick and easy WindLDR programming, 640KB of program memory and super-fast processing times ideal for demanding control applications. Unique to this class of PLCs, you can also create custom web pages configured for remote monitoring and control simply by using drag-and-drop functionality. No HTML programming required!

- Embedded Ethernet port
 - Modbus TCP and RTU
 - Maximum 520 digital/126 analog I/O
 - Data logging
- Large program & data memory
 - Embedded SD memory port
 - Embedded RS232C/RS485 user selectable
 - Web Server functions

MicroSmart FC6A Plus PLC and FT1A Controller Starter Kits

MicroSmart FC6A Plus PLC

The next generation IDEC MicroSmart FC6A Plus PLC stretches performance beyond micro PLC limits! With its 2,060 I/O capacity, this PLC can control large machines or entire small-scale manufacturing facilities, providing more capabilities for even the most demanding applications.

- Dual Ethernet Ports
 - iOS & Android App
 - Bluetooth Communication
 - Embedded SD memory port
 - Modbus TCP and RTU
- EtherNet/IP
 - MQTT and BACnet/IP
 - Data Logging
 - Web Server Functions
 - 800KB programming memory
